Software Engineer Trainee: Application

Respected Sir/Madam,

Your advertisement in the KKEM DWMS for the recruitment of Software Engineer Trainee interests me because I have the kind of qualification mentioned.

I am pursuing my bachelor's degree for Computer Application i.e., BCA. My resume (enclosed) lists and explains my qualification and skills. I worked on PHP for my mini project in the 5th semester.

If I am selected, I shall put in all my efforts to serve the organization. Though I am a fresher I can live upto your expectation by way of my hardwork and commitment. I hope I will be shortlisted to attend the interview

Looking forward to hearing from you,

Sincerely,
ALFIA A H
